CONGRESS PROGRAM

We are looking forward to this Congress providing a perfect forum for showcasing the latest developments by renowned experts in the field. The program will be defined by both experience and innovation.

The Congress will begin on **Friday, February 16** with a selection of pre-Congress Courses and short presentations in the afternoon. The pre-Congress courses will be arranged by the Companies participating and registration will take place through the EAS website.

The limited attendance Friday afternoon will be followed by a Welcome Reception in the Exhibition Hall on the Friday evening for all delegates to 2nd EAS Congress.

Saturday, February 17 will host a full Plenary Session and delegates will have Saturday evening and night free to enjoy fabulous Venice by night.

Sunday, February 18 will start with "Meet the Experts" discussion breakfast round tables and will be followed by a second Plenary Session during the morning and early afternoon. The Congress will end mid-afternoon on Sunday with a Farewell Venetian "happy hour" in the Congress Exhibition area.

On Monday, EAS will be hosting a stand-alone DSD day presented by Dr. Christian Coachmann, the recognised expert in this field.

The Scientific Program has been developed to cater for all clinicians involved in aligner treatment provision. Time for poster presentation will be available throughout the Congress.

CPD ACCREDITATION

Application for CPD will be available once the scientific program is finalised. Further details will be available on the EAS website.
