COMPANY WORKSHOPS

Morning - 09:00 to 11:00 and 11:20 to 13:20

Workshop rooms to be assigned after delegate choices and registration during Saturday 30th

ALIGN TECHNOLOGY/INVISALIGN - Dr. Sandra Tai

Revolutionizing the Next Generation Smile.

The workshop will include an interactive session where you will have the opportunity to discuss real cases with your peers and with Dr. Tai.

SCHEU DENTAL / CA DIGITAL - Dr. Pascal Schumacher

CA® CLEAR ALIGNER Professional Cases will demonstrate these strategies that can be useful for every other aligner therapy. During the workshop, participants will also be able to bond MEMOTAIN® retainers on a plaster model.

BIOTECH DENTAL SMILERS - Dr. Arash Zarrinpour

SMILERS FIX bonding protocol: SMILERS FIX the exclusive custom-made retention from SMILERS® is a 3D aesthetic and permanent retention, easy to use and bond. Its revolutionary material is flexible and very thin (0.3 mm). During this hand-on session you will test its bonding protocol.

BIOLUX / ORTHOPULSE - Dr. Matteo Reverdito and Dr. Kenji Ojima

Dr. Reverdito will start this session with a summary of Photobiomodulation, and its mechanisms of action. He will also talk about the impact of OrthoPulse on practice efficiency, how the OrthoPulse app helps him track patient compliance and other benefits.

Dr. Ojima will then show some of his complex 3-day Aligner change cases and explain how he uses OrthoPulse to accelerate and optimise treatment.

CLEARCORRECT - Dr. Melissa Shotell

The workshop will provide the clinician with a complete workflow to improve patient communication, maximize office efficiency, improve patient experience, and produce predictable outcomes with the utilization of current technology in clear aligner therapy.

GRUPPO DEXTRA / ARCANGEL - Dr. Domenico Dalessandri

A “hands-on” approach will be used during this workshop, allowing the participants to appreciate the Arc Angel CBCT-guided set up preparation and showing them the impact of this innovative approach on comprehensive treatment planning of patients treated with invisible aligners.

DENTSPLY SIRONA - Dr. Adriano Marotta Araujo

Presentation will be followed by the hands-on part focusing on step-by-step treatment simulation. The attendees need to bring a laptop to connect (WIFI) into the cloud based database for exercising.

DENTALMONITORING - Dr. Terry Sellke

The workshop will give participants scripting, flowcharts and checklists to assist them in implementing Dental Monitoring into their offices.

CLEARTPS - Dr. Adriana Garro

Case Study: Class II Malocclusion with Deep Bite and Severe Crowding Treated with Invisalign® and Clear TPS® ClinCheck®

THERE WILL BE A 20 MINUTE TEA/COFFEE BREAK BETWEEN 11:00 AND 11:20 TO ALLOW CHANGE OVER TO 2ND CHOICE WORKSHOPS.

A FAREWELL FINGER BUFFET AND DRINKS WILL BE HELD FROM 13:30 TO 14:30.

TRANSLATION

EAS will be offering translation from English, the official language of EAS Spring Meeting into Italian and French.

The translation would be done by dedicated translators for each language and transmitted wirelessly to delegate headsets.

Depending on registration numbers, translation may be extended into other languages.

No cost is involved as this will be a sponsored service to delegates.

CPD ACCREDITATION

CPD/CPE for Spring Meeting is set at 21 hours.

Certificates will be emailed to delegates after Spring Meeting is completed.
